## SUMMARY

UX/UI Designer with a background in full-stack development who finished intense training and graduated from the University of Oregon Coding with a certificate in UX/UI Design. With skills in HTML5, CSS3, JavaScript, MERN, Visual Prototyping & Wireframing, and User Interface Development. Passionate about developing human-centered products from the front-end to back-end. Can provide an end product that meets each customer's unique needs by conducting user research and usability testing using strategic yet adaptable preparation and acute attention to detail. Looking forward to an opportunity to apply my dedication and technical expertise to create unique designs that improve how end-users interact with technology. I believe my style and skills will make me a valuable addition to any team.

Link to deployed project

<https://fitness-tracker-jz.herokuapp.com/?id=60628aaa5a725f00154fd6db>

- Summary: A workout application to keep track of the user's daily exercises.
- Role: Back end designer
- Tools: HTML, CSS, JavaScript, Node, Express, JSON, MongoDB

## GoalGetter

[https://docs.google.com/document/d/1w-jabYRFEIMsWSgoEG7Co\\_exhbiDh9Vy81Eos5n0s7U/edit](https://docs.google.com/document/d/1w-jabYRFEIMsWSgoEG7Co_exhbiDh9Vy81Eos5n0s7U/edit)

**Role in Project:** UX Researcher and UI Designer

- GoalGetter wants to help middle school students keep track of an ongoing list of assignments and class deadlines during the pandemic.
- The case began with seven interviews with both students and parents, in addition to an empathy map, user insight statement, and user scenario. After creating a shared

understanding of user needs, Low-fidelity wireframes were drafted and tested on users. In addition to that, testing had been done on mid and high-fidelity prototypes.

- Primary responsibilities: storyboards, final prototype, code out one page of the prototype.

## **EDUCATION**

**Certificate, Full Stack Web Development** – University of Oregon Eugene, OR  
A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, JavaScript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.

**Certificate, UX/UI Design** – University of Oregon Eugene, OR  
A 24-week intensive program focused on user-centric design research, design thinking, visual prototyping and wireframing, interface design, storyboarding, visual design theory, web prototyping with html5 and css, and interaction design with JavaScript and jQuery.
